Subject: RE: MM2A NPRM Blueprint Waiver

They are already asking for an expedited FAR and released the preamble before they have Option Selection?

I agree with Sara. FYI- they are asking for expedited FAR. We are reviewing the recent draft of the preamble over the next few days.

This is the rule that we requested an up-tier for. By the time OAR agreed to the change to Tier 2, they had already provided us all the information that would have been included in an Analytic Blueprint. OECA (both OC and OCE) have been very involved in the workgroup. As far as I know, they have not requested a waiver for Early Guidance as of yet. We have had numerous "pre-options selection" meetings with Peter Tsirigotis in OAR, which OGC, OP and OECA were all invited to, but I don't know if they plan to count a previous meeting as Early Guidance. Options Selection is scheduled for October 11, 2018. We briefed this AB waiver request up through Patrick Traylor. Let me know if you need anything else. Thanks.

Sara, do you mean the Workgroup all agreed to waive this milestone? What was OAR's justification? Did they also request to waive Early Guidance?

I'm confused, we all agreed, do we need to do something else? Thanks.

Just making sure you have seen this.

Any thoughts?

Keith

Good Day Lanelle,

Attached for review are "request to waive the analytical blueprint" documents for the OAR proposal SAN 4908: Reclassification of Major Sources as Area Sources Under Section 112 of the Clean Air Act.

Thank you,
Wanda

From the desk of:
Wanda Farrar

Wanda,

Attached are the analytic blueprint waiver forms concerning the Reclassification of Major Sources as Area Sources Under Section 112 of the Clean Air Act (SAN 4908) NPRM. The forms have also been updated in Tracker. Would you please forward to OP for their consideration?

Thanks,
Alan
